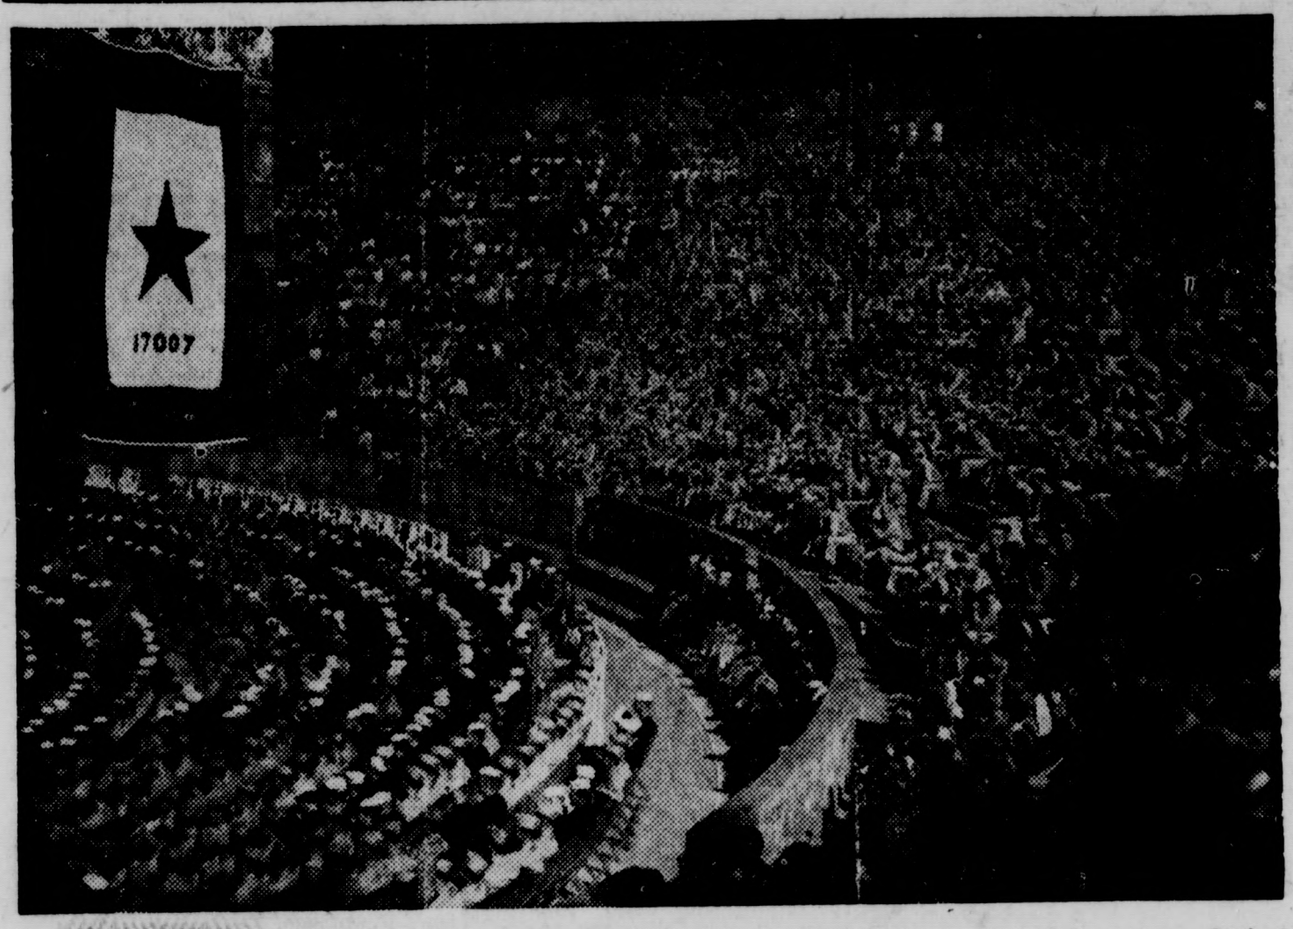
Minors Must Not Be On City Streets After 10 p.m. Under New Ordinance

Nation's Biggest University Service Flag



The University of California dedicated its service flag with exercises in the Greek Theatre on the Berkeley campus. Students and former students now in the service number 17,007, more than from any other university in the United States. The flag now hangs on the west wall of the Campanile.

City Council Adopts Emergency Measure To Act As Curb On Juvenile Delinquency

To Hold Parents, Guardians Responsible

Declaring that the war in which the United States is now engaged has produced such conditions in the City of Daly City that it is necessary to preserve the public peace, safety, morals and welfare by restricting the presence of minors in the streets and other public places for the purpose of curtailing juvenile delinquency, the board of councilmen, Monday night, unanimously adopted Ordinance No. 246. The ordinance, which will regulate the conduct of minors and fix the responsibility of parents and guardians in the matter, was discussed in detail at a special meeting of church, school and civic leaders, Monday night, November 1.

It will go into effect immediately upon publication, today, November 11, and the Daly City Police department is charged with the responsibility of enforcing it strictly. All eight sections of the ordinance may be read in detail on page 6 of this week's Daly City Record.

For the duration of the war and 6 months thereafter it will be unlawful for any minor under the age of 18 years to be in or on any public street, park, square, or public place between the hours of 10 p. m. and daylight immediately following except where accompanied by parent or legal guardian, or where presence of the minor is connected with some legitimate business, trade, profession or occupation by reason of employment, inclusive of time necessary for going to and returning from such place of business where said minor is engaged.

The ordinance provides that any parent or other person assisting, aiding, abetting, permitting or encouraging any minor under the age of 18 to violate the provisions of the ordinance shall be guilty of a misdemeanor and subject to a fine of $300 or imprisonment or both.

At Monday night's council meeting the council voted to follow the recommendation of the fire commissioners and reinstate Pete Oyhancabal as a member of Company No. 2, D. C. F. D.

The council members and other city officials indicated that they would attend the meeting of the

NEWS OF OUR MEN and WOMEN IN UNIFORM

Bob Savelly, son of Mrs. Nadine Savelly, 3235 San Jose avenue, wrote The Record, this week, to say how much he enjoys reading it. He is now at the U. S. Naval Air station, Corpus Christi, Texas. He states:

"I find the work here very interesting and it keeps me in fine shape. I'm a physical instructor, have classes in calestatics and obstacle course. All our work is with cadets. I have met a few boys from Daly City: Bob Christen, James Ledterman, and Frank Ford."

Savelly attended "boot" camp at Farragut, Idaho.

U. S. Army Headquarters in the South Pacific — Commendations were recently made by Lieutenant General Millard F. Harmon, commanding U. S. Army forces in the South Pacific area, to officers and enlisted men.

Various phases of combat and supply activity were included in the commendation letters by General Harmon.

Among those men commended was the following:

COMMENDATION: Corporal **Richard J. Ragni,** 39837455, Infantry, United States Army, for outstanding conduct in action against the enemy at Guadalcanal on January 13, 1943. Corporal Ragni led a group of 32 men to

Town Of Colma Irons Out Details For Leasing City Hall To U. S. Army

Details to be arranged in the leasing of the Colma Town hall to the United States government for use by the Army, were worked out at the regular monthly meeting of the city council, Monday. The officials have fitted out temporary quarters in the E. A. Weisenburger office building, as a meeting place.

Charles Gebhardt, city attorney, reported on the "formula" lease as submitted by the government, and suggested changes to be made to fit this particular instance. Considerable discussion was given the points in question with Gebhardt, members of the council, and Attorneys Riley and Cotton, representing the government, participating.

Acceptance of the lease in its final, corrected form, by the Town of Colma was made through a resolution approved unanimously. Included in the form are the expiration date of six months after the conclusion of the national emergency; payment to the Town of Colma of the sum of $125 monthly; it provides for the property's use by the Army for housing and other military purposes; and protects the owner's interests by stipulating it must be returned

Question Arises On Light Shielding

Lieutenant General Delos C. Emmons, commanding general of the Western Defense Command, disclosed, Monday, that some question had arisen in several communities as to whether or not shielding of street lights should be removed as a result of the Western Defense Command's Proclamation No. 20.

Proclamation No. 20, dated October 28, 1943, suspended dimout regulations on the Pacific coast effective November 1, 1943. It did not abolish them.

"The matter," General Emmons said, "depends entirely on future events. Should the military situ-

Civilian War Council Will Meet, December 2

Daly City's Civilian War Council will not hold another meeting until Thursday, December 2, according to Director A. J. Bodien. The group met Thursday evening, November 4, where the major decision of importance dealt with leaving Daly City's street lights shielded for the time being. The military, upon lifting the dimout, had announced that each city might decide for itself whether to have the light shades changed.

Another matter studied by the council was the compensation for volunteers. It was announced that all who are properly registered are definitely assured of compensation in the event of injury while on home protective service duty.

Our Lady Parish Ready For Bazaar

Want to have a wonderful time? And inexpensively? Like to play games? Like a carnival atmosphere?

Then, you'll want to be among those who attend the annual bazaar of Our Lady of Perpetual Help church, Friday evening, Saturday afternoon and evening, and Sunday afternoon and evening, November 12, 13, and 14. The event is being staged at 6001-5 Mission street, corner of Templeton avenue, and gay red, white, and blue decorations add a festive note to the many booths.

General chairman for the bazaar, Leo Wille, announces that everything is in readiness to insure the success of the festival.

Dinner will be served at the bazaar both Saturday and Sunday from 4 to 8 p. m. In addition, refreshments will be featured at several of the booths.

A large committee of parishioners has been working hard to insure the success of the yearly event. The public is invited to participate in the festivities.

Daly City War Chest Campaign Still Lags

Daly City's War Chest campaign, seeking support for services to America's armed forces, allied relief agencies, and local welfare organizations, has still not met its quota, according to Mrs. Marce Trier, district chairman, who makes a final appeal for support from local residents. Last week, the drive was extended to give this community an opportunity to better its response to this most important appeal.

Late donors are advised to contact Mrs. Trier, 158 Woodrow street, RAndolph 6652. Checks may be mailed to her made out to the Daly City War Chest or a telephone call to her house will

Draft Board Calls Twenty-One Men

Friday, November 5, Daly City Draft Board No. 103 inducted 21 men for service with the armed forces. Next call the board is being asked to meet is for November 26, at which time a contingent of eleven men is requested.

Complete returns are not back on the group sent down to the reception center, Friday. Daly City men definitely accepted were Francis Fazendin, 58 Bepler street, U. S. Navy; Stone John Lantz jr., 563 Hanover street, U. S. Navy, and Edward J. Wuesterfeld, 149 Moltke street, U. S. Army.

Mrs. Isabelle Flynn, chief clerk, pointed out that a number of pre-Pearl Harbor fathers have failed to notify the local board of address changes. This came to light when the recent requests for up-to-date information of marital and economic status were mailed out. A dozen or more of the forms were returned to the board because the addresses were no longer correct.

Mrs. Flynn advised all local fathers to be sure they have reported their most recent address to the board. It is a serious offense to fail to notify the draft board of change of address.

Mrs. Flynn reiterated her plea

How About Inviting Soldier To Dinner?

Will you be having a turkey and all the fixin's for Thanksgiving?

Will it be the kind of a happy family occasion everyone enjoys so much?

Then, wouldn't it be nice to share it with one of the servicemen stationed in this area, far from home and his own relatives?

The Daly City Servicemen's club, 6201 Mission street, issues an appeal for local families who would care to invite one or more boys to Thanksgiving dinner to contact the club's committee at once. Would-be hosts may call Mrs. Anne Eason, RAndolph 5376; Mrs. Maisie Boyle, DElaware 4521, or Mrs. Margaret Steele, DElaware 9867.

Currently in charge of hostess duties at the club are members of El Carmelo Parlor No. 181, N. D. G. W. Next week, November 14 to 20, the Women's Civic club will take over.

Girl Scout Troop No. 1 recently made a cash donation to the club.

No More Copies Of Book One, Two!

Local War Price and Rationing boards were notified, this week, by the Office of Price Administration that no more copies of War Ration Books One or Two are to be issued by the boards for any purpose whatsoever, according to Francis Carroll, OPA district director.

All stamps in the two books have now expired except stamp 18 in War Ration Book One, used in buying shoes, and blue stamps X, Y, and Z in Book Two, which are valid for buying rationed processed foods. These stamps should be safeguarded against loss

Announce Theme For "Book Week"

"Build the Future With Books" is the theme selected for Children's Book Week 1943, according to Mrs. Jean O'Rourk, librarian in charge of the Daly City Library, 6351 Mission street. The local library will observe the national celebration, November 14-20, by displaying its newest purchases of attractive juvenile literature and by issuing special bookmarks with each juvenile book issued during the week.

The bookmark has a reproduction of the official Book Week poster imprinted on it, an excerpt from the poem, "A Book," by Emily Dickinson, and a list of instructions for the proper care of books.

Children's Book Week will be a quarter of a century old when its twenty-fifth celebration, November 14-20, is featured.

In describing the 1943 slogan, the library bulletin stated:

"'Build the Future With Books' suggests the value of an intelligent and happy individual growth. This is the basis of dem-

Football

Scoring in the first quarter on a blocked kick, Jefferson Union high school football players rang up their first touchdown of the season, in Friday's contest against San Jose high school. Although they went on to lose the game by a 20-7 score, the Daly City boys led 7-6 at halftime, and went down only when the need for fresh reserves was felt. The P. A. L. league game was played at San Jose.

Coach Marion Hall used the following starting lineup: Bill Reed, left end; Richard Peterson, left tackle; Dick Little, left guard; Kenneth Hatt, center; Wilbur Fellows, right guard and game captain; Ernest Day, right tackle; M. L. Greenfield, right end; Merle Van Kirk, quarterback; Don Nelson, left half; Don Van Kirk, right half; and Tulio Picchi, fullback.

Jefferson's Indians are scheduled to go up against San Mateo high school on the Daly City field, today, November 11, with the game starting at 3 p. m. Neither team has won this season, so an even match should be in prospect for local fans.

Basketball

Indians of Jefferson Union high school's 110 and 120 basketball squads suffered twin defeats at the hands of similar teams representing Sequoia high school, at Redwood City, last Thursday.

The 120s took their first league loss of the season, by a 26-19 score, from a Sequoia team which was considerably larger and had the advantage of playing on its home court. The Redwood City outfit remains the only undefeated five in the 120 division of the league.

Starting lineup for Coach Elman Rose's Indians was Denning and Chelone, forwards; Perada, center; and Walsh and Grant, guards. Fair and Massoni saw considerable action as substitutes in the game.

Taking their second beating of the season, the Jefferson 110s were edged out, 25 to 22, in a close contest. Starting lineup was Greenough and Piccard, forwards; Parodi, center, and Valverde and Decker, guards, while Root and Grimes were substitutes.

Palo Alto high school was to provide the next opposition for these teams, in a game scheduled for yesterday (Wednesday) on the local floor. The visiting 120s have been showing considerable improvement of late, and lost to South San Francisco by a narrow margin recently. The 110 division game will have no official bearing on league standings, according to Coach Rose, since the Palo Alto squad includes some ineligible players.

Horse Show

The San Mateo County Sheriff's Posse, which numbers several Daly City members, took first prize for grand entry at the annual fall horse show at Graham field, San Jose, Sunday, October 24. The group was presented with a silver cup.

Championship horses and riders from all parts of California were entered in the event.

Daly City Library Features Thanksgiving

The browser at the **Daly City Library**, 6351 Mission street, will find a special display on Thanksgiving, this week. Pictures of the traditional opulent holiday table, a pumpkin candle, and books with such titles as "Pilgrim Stories and Plays," "The Days We Celebrate," "Children's Book of Thanksgiving Stories," make up the display.

Current Attraction At Daly City Theatre

Virginia Weidler has just told her mother and father, Marta Linden and Edward Arnold, what she has heard about her dad and his secretary, Ann Ayars. "It isn't true!" Arnold insists in "The Youngest Profession," which comes to the Daly City theatre, tonight . . . Of course the misunderstanding is cleared up to the satisfaction of all, but not until later on.

ANDERSON ASKS ACTION

Americans being held prisoners by the Japanese should not be forced to continue in ruthless concentration camps, while the United States government quibbles with the Japanese over exchange conditions. This is the opinion of Congressman John Z. Anderson, this district's representative in Washington, in a demand that the State department take immediate action.

From Washington today Congressman Anderson let it be known he is deeply concerned about the welfare of U. S. citizens being held prisoners by the Japanese, and that he intends to follow up his demand upon the State department for action looking for their exchange and return to this country. The congressman declares we have plenty of disloyal Japanese we would be happy to exchange for Americans.

Anderson's letter to Secretary Cordell Hull follows:

"The pending voyage of the 'Gripsholm' to the United States with a list of exchanged civilian prisoners serves again to focus attention on the plight of American civilian prisoners in the Far East. Many thousands of our citizens are still detained by the Japanese government as civilian internees and their physical and mental condition must be getting worse. Such information as is now available indicates that shortages of food, clothing, and medical supplies are becoming acute.

"I am addressing this communication to you to urge that a renewed and more determined effort be made to obtain an agreement with Japan which will insure the expeditious release of the balance of our American prisoners. It is my understanding that failure to reach an agreement previously has been due to the fact that our government has refused to accede to certain demands of the Japanese government concerning the ratio of prisoners to be exchanged and classes of Japanese civilians their government wishes to have released.

"If such is the case, I wish to respectfully request that such conditions be ignored in future negotiations. What does it matter if an agreement should result in the release of Japanese technical experts who would be of use to their government? In return we will receive many equally competent men. Even if all Japanese civilian internees were released in exchange for all the Americans, I fail to see how this would materially affect the outcome of the war.

"The Washington papers have carried a news article to the effect that 8200 known disloyal Japanese in this country had been moved to a new segregation center at Tule Lake, California. Is there any good reason why this large number of disloyal followers of the Emperor of Japan cannot be exchanged for an equal number of loyal American citizens who have been held in confinement in the Far East since war was declared?

"During the Congressional recess I had the privilege of discussing with J. H. Marsman the experiences which he relates in his recently published book 'I Escaped from Hong Kong.' His story of the privations and suffering that have overtaken a large number of our American citizens in the Far East impels me to write you and to urge a redoubled effort in securing an agreement for the release of our prisoners in the Orient at the earliest possible date.

"Will you be so kind as to advise me what steps are now being contemplated in this regard?"

There Was A False Alarm From THAT Box

Companies 1, 2 and 4, Daly City Fire department, were called out needlessly by a false alarm from Box 16 at Flournoy street and San Jose avenue, Wednesday, November 3, at 7:19 p. m.

This box has been the one from which the majority of recent false alarms has been turned in. The prankster responsible is becoming increasingly unpopular with local firemen and policemen, according to the department heads.

High School PTA Postpones Meeting

The regular monthly meeting of Jefferson Union High School P. T. A. has been postponed from Thursday, November 11, to Thursday, November 18, due to the Armistice Day holiday. The session will get under way at 2 p. m. at the high school's Little Theatre. Speaker will be Miss Louella Osborn, home economist, who will discuss how to stretch meat points.

On Monday, November 15, the unit is sponsoring a public whist party at the Spreckels Russel dairy in San Francisco. The game will be preceded by a noon luncheon. Mrs. Allene Lehigh is chairman and anyone interested in attending should contact her at ELkridge 2822.

The executive board of the unit met at the home of Mrs. Vivian Pahlka, 569 Winchester street, Thursday, November 4. A luncheon was enjoyed before the meeting. Among other matters discussed was the Teachers Tea to be held in December.

Pershing Unit Hears Lecture

General Pershing P. T. A. held its regular meeting, Tuesday, November 2, 1:30 p. m. at the school, with Mrs. Sophie Evans, president, conducting the meeting. Topic for the day was "We Pledge Staunch Homes."

Miss Louella Osborn, home economist, gave a lecture on meat extenders and nutrition under the rationing program. Mr. O'Connor and Mr. Millem showed a movie on the same topics. All three were representatives of the P. G. and E.

The school demonstration was given by the children of Miss Henrietta Engel's class.

At the close of the meeting, refreshments were served.

On Thursday, November 18, Mrs. Evans and Mrs. Frances Haussler will represent the unit at the Seventeenth district, C. C. P. T. meeting at South San Francisco.

County Receives Share Of Funds

State Controller Harry B. Riley today apportioned $63,144.02 in gasoline tax money to San Mateo county as part of a $11,038,250 distribution for the quarter ending last September 30. San Mateo county's share was computed on the basis of a motor vehicle registration of 50,115.

Controller Riley said the apportionment was $1,970,646, or 15.15 per cent less than that for the corresponding quarter last year.

Riley distributed one-third of the $11,038,250 to the counties, and deposited the balance of $7,358,833 in the State Highway fund. From the latter amount, the Division of Highways will allocate $1,839,708, to be expended for highway construction and maintenance within the cities of California, and the balance of $5,519,125, remaining in the highway fund will be expended on the State Highway svstem.

Many Enjoy Fair For Colma Parish

A large and enthusiastic throng of parishioners and their friends enjoyed the entertainment and fair sponsored by Holy Angels church, Saturday night at Colombo hall. The two one-act plays, the singing and acting of the children, the games and dancing all met with high approval from the audience.

Those who were awarded special prizes during the festival were: Mrs. Ferrando, Bruno avenue, Daly City; Mrs. E. Ver Linden, Colma; Mrs. J. Dobko, Colma; George Giampaoli, Colma.

Proceeds from the event were added to the building fund of the parish.

ASSOCIATION ISSUES WARNING ON BICYCLES

Traffic accidents involving bicycle riders are increasing, the California State Automobile association reported today in an appeal to parents to assume greater responsibility in connection with bicycle use by children.

Over half of bicycling accidents involve children from 5 to 14 years of age, nation-wide surveys show.

Parents, many of them using bicycles themselves, should supervise more carefully the use of bicycles by boys and girls who must be taught traffic rules and safety measures, the association urged.

Safeguards to bicycle safety, outlined by the motorists organization are:

See that all proper safety equipment is installed on bicycles.

Make regular inspections to assure that this equipment is in safe operating condition at all times.

Cooperate in enforcing rules and regulations issued by schools and police.

Prohibit younger children from riding in busy traffic streets until they have developed skill.

See that all learning is done in parks, playgrounds or other safe places away from traffic.

Explain what might happen if unnecessary chances are taken or if foolish tricks are performed; and prohibit smaller children from riding on the handlebars or cross bars.

Remember; when you ride a bicycle you are part of traffic and must obey traffic laws, just as if you were driving a car. This means keeping to the right and using hand signals; ride single file; never "hook a ride" by hanging onto another vehicle; display white front light and red tail light or reflector at night.

"Youngest Profession" Comes To D. C. Screen

In a highly humorous tale of 'teen age, movie-mad autograph hunters, Virginia Weidler steps into her most promising role to date in "The Youngest Profession," now showing at the Daly City theatre. There are all manners of comical situations connected with her pursuit of the autographs of Greer Garson, Lana Turner, William Powell, Robert Taylor and Walter Pidgeon, who serve as guest stars to play themselves and sign the coveted autographs.

Miss Weidler plays the head of a movie fans club and leads her friends to the railroad station to ensnare Greer Garson. They miss her, check the hotels, find Miss Garson, who introduces them to Walter Pidgeon. The stars of "Mrs. Miniver" make Virginia and her friend, Marcia Mae Jones, quite at home, serving tea and cookies. It is a thrill all fans dream about.

Meanwhile Virginia's father, played by Edward Arnold, is suspected of an intrigue by a meddlesome governess, played by Agnes Moorehead, and Virginia sets about to correct matters in a highly original manner and with a resulting hilarious denouement.

Miss Weidler in "grown up" wardrobe and hair-do, is charming and a most convincing actress, and Arnold as her father has an effective role. John Carroll plays Hercules, the strong man, with comical effectiveness, and Miss Moorehead is vicious as the gossiper. Ann Ayars, and Dick Simmons are a romantic pair. Jean Porter, Marta Linden, Scotty Beckett and others have important roles. Edward Buzzell directed with a fine flair for comedy.

AMERICA'S SUPER-SALESMEN

The Third War Loan drive again has proved that the newspapers are America's super-salesmen. As Frank E. Tripp, chairman of the Allied Newspaper council put it:

"In all the history of communication, from the days of the signal fire on the hilltop, never has any achievement begun to approach the record of the American newspapers in the third war loan.

"Never was there so much printed on a single topic, and never did equal public reaction result. The tremendous impact of this newspaper war-time service extends beyond the success of the war loan itself."

In news stories and publicity alone, the newspapers contributed better than 61,200,000 lines of copy to the success of the Third War Loan drive. And this tremendous lineage in the news columns was supplemented by 118,000,000 lines of advertising.

It is unfortunate that unless some way is found to meet the problem of curtailed newsprint, it is doubtful whether American newspapers can repeat their contribution.

Deeply involved in the problem of dwindling newsprint is the matter of a free press. Without paper upon which to publish, a free press is devoid of meaning. The right of free speech becomes an empty one if such speech cannot be printed, published and circulated.

And since one of the ends of victory is the preservation of the right of free speech and a free press, care must be exercised that the means of victory do not defeat the ends.

MAYBE ANOTHER SURPRISE PARTY

The American people were long suffering at the hands of the European trouble makers. Our amiable disposition caused the bullying bosses of enslaved peoples to think they could kick us around with impunity. Well, they have had their eyes opened.

A somewhat parallel situation exists at home. We want peace in the labor field. Under our constitution, workers have a right to join a labor union if they choose, or the right not to join, although this latter right has been abrogated in many cases.

But labor unions have gained such power that in our country's crisis some of them have been kicking our people around after the pattern of the European dictators.

The people have endured coal strikes, war industry strikes, and all manner of work stoppages which have deliberately defied our government, as did the Axis nations.

Now with the third coal strike in progress, and with a rail strike threatened, the gang which has promoted labor dictatorship in the United States may be given a surprise party by a disgusted American public, as unexpected as the one given the European bullies.

RECOGNITION AT LAST

War has one virtue. It reawakens a people's sense of values. For example, in peace-time everyone takes the local newspaper pretty much for granted. Its value to the community and to the ideals of freedom which the editor symbolizes with every opinion he expresses, is almost wholly lost to sight.

In ordinary times the editor is painfully reminded of the arbitrary value placed on his services. Advertising is hard to obtain. When it is obtained it is strictly on a basis of getting so many customers for so-and-so's gadget. Any advertising manager who bought space in newspapers with the partial objective of encouraging a free press and free enterprise would, a few years ago, have been looked upon as light-headed by his colleagues.

But today circumstances have changed. The nation is at war. It is at war to restore freedom to other nations and to perpetuate it in this country. Our people have had abundant opportunity to contemplate the horror of nations where freedom is dead.

Our business men, all of us, have observed that in those nations disappearance of personal liberty was accompanied by the disappearance of the virulent free thinking and free speaking editor. After the disappearance of the editor came the iron hand of dictatorship. It is not surprising that we begin to look upon the editor and the free press he represents as something to be preserved at all costs in this country.

Industry realizes at last that without our free press there could be no free enterprise. Industry realizes now that if it wants to do business at the same old stand after the war, it will have to first help preserve a system of government that will let private enterprise live. War has reawakened industry to the value of the editor. Its representatives have discovered that the American press renders a service far beyond selling a few yards of Blank company's cheesecloth. They are finding out that this latter service—the keeping alive of freedom—cannot be measured in dollars and cents, or bought by the inch.

GOVERNMENT HAS LIMITATIONS

The government itself has presented one of the strongest arguments against the ultimate socialization of medical care. Efficient, prompt and competent treatment are the cardinal requisites of a successful medical system.

Everett W. Jones, head hospital consultant of the War Production board, in opposing compulsory hospital insurance under government management, comments that: "Federal agencies cannot hope to approach private initiative and enterprise in efficient management." After working 15 months in Washington, he says: "I have no delusions left as to the efficiency of governmental agencies. Delay and red tape just can't be eliminated in any political organization as gigantic as our Federal government. The record speaks for itself."

The more gifts and services people demand of government, the more complex and inefficient it becomes. There are those who think the government should supply everything but eternal life. At the same time, they complain of growing bureaucracy and taxation. They forget that our government is a political organization never intended to manage the personal or business affairs of its citizens. Shifting the responsibility of medical care to government would not simplify the health problems of the individual. It would add to them by the destruction of medical efficiency and further pyramiding of bureaucracy.

BETTER NOW

After being seriously ill at the U. S. Marine hospital, Captain F. W. Winter is now "ship shape" again and has been welcomed back to Daly City by his many friends. He resides at 619 San Diego avenue.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

Start Roundup To Get Duplicates

OPA Officials Know Who Received Extras

A drive to round up all duplicate War Ration Books Three, in order to avoid prosecution of persons who are holding such books illegally, was announced, yesterday, by Francis Carroll, OPA District director.

Under the system used in the distribution of Book Three, Carroll explained, many duplications were unintentional and others were deliberate. Book Three was mailed—not distributed personally to the applicants. Many duplications, through misunderstandings of the law, resulted, Carroll said.

A record of all duplications is now in the hands of OPA officials and letters are being sent requesting that the duplicates be returned to the OPA office.

"We are looking forward to voluntary compliance with this request," said Carroll. "However, the law is very clear and we will, in some cases, have to turn the matter over to the enforcement authorities. Some duplication in the distribution of Book Four also resulted and the return of these is also being requested."

IT'S A DATE—DECEMBER 10

If you were operating a railroad, an express company, or the post office, you would be looking ahead with apprehension to the flood of Christmas packages which will be seeking transportation shortly. You would know that one human failing is to leave Christmas shopping and Christmas shipping until the last minute.

Make "December 10" a deadline for shipping Christmas packages to be delivered in the United States, says L. O. Head, president of the Railway Express agency. Millions of special holiday address labels carrying the words, "Do not open until Christmas," will be available to the public without charge at all Railway Express offices.

Packing, wrapping and addressing should be done more carefully than ever before to withstand the stress of record-breaking shipments, and delivery problems. Let's all help!

READING & WRITING

BY *Edwin Seaver* AND *Robin McKown*

"BATTLES are like marriages. They have a certain fundamental experience they share in common; they differ infinitely but still they are all alike."

CAPT. RALPH INGERSOLL

"The Battle is the Pay-Off," by Captain Ralph Ingersoll tells the story of one battle in Africa which the author witnessed in the capacity of officer-observer. Through his description of this one battle, however, Captain Ingersoll makes vividly clear how a modern army operates, how soldiers are trained and how that training takes effect under fire, how a battle is planned, carried out and won.

"The Battle is the Pay-Off" is a November selection of the Book-of-the-Month Club. The Army thinks so highly of it that they have ordered a special edition of 75,000 copies for distribution among our fighting men. It has also been running currently in the Infantry Journal.

Up until about a year ago, Ralph Ingersoll, the author, was editor of the New York newspaper PM. Then he enlisted in the Army as a private. The first lesson he had to learn, he says, was that he was no longer Ralph Ingersoll, editor, but one-four-millionth or one-seven-millionth or one-eight-millionth part of the Army of the United States—for the duration.

Captain Ingersoll in his book tells how each unit of the Army functions. The business of surviving and moving itself from one place to another is ninety per cent of the Army's business, he points out. The combat engineers who go ahead to find and test water have a vital role. So do the men in charge of mine-detecting. The same is true of those who train soldiers so that long marches and nights of sleeping outdoors are no undue hardship; and of the medical corps who take efficient care of the battle wounded.

There have been many books on individual heroism in battle. "The Battle is the Pay-Off" is the first book to make the Army as a whole the hero.

* * *

The French Foreign Legion has a tradition that it must never surrender as long as arms hold out. Captain Ingersoll tells how one Foreign Legion post, sympathetic to the Americans, saved their honor and at the same time avoided fighting. When scouts reported the advance of the Americans, the Lieutenant in charge of the Post ordered that all weapons be thrown in the well. With no arms, he figured, he could honorably surrender.

Troop No. 1 Elects Officers

Troop and patrol officers for Girl Scout Troop No. 1 were elected at the group's Thursday, November 4, meeting. Mrs. J. S. Calvin, leader, announced the following results in the semi-annual election:

Troop officers—scribe, Alma Becker; treasurer, Madelyne Mejia; librarian, Marvel Ramsey.

Busy Bees patrol officers—patrol leader, Eleanor Quickert; treasurer, Elizabeth Olsen.

Blue Bird patrol officers—patrol leader, Patsy Del Degan; treasurer, Bonnie Jean McHugh.

Beaver patrol officers—patrol leader, Marjorie Kruse; treasurer, Carleen Leach.

Veteran Firemen Nominate Officials

Nomination of officers was held at the Friday evening, November 5, meeting of the Daly City Veteran Firemen's association, at 188 Santa Barbara avenue. President J. Kester called the session to order at 8 p. m.

Members who are ill were wished a speedy recovery by the membership.

Comrade Albonsky and Comrade Jeff Lee were both receiving congratulations on their good luck at Friday night's meeting.

A committee was named to prepare for the association's annual banquet.

Two members, Past President William Goldkuhl and Comrade Remi Sanders, were reported in the hospital.

After roll call, a buffet supper was served.

Next meeting of the association will be Friday evening, December 3, at 188 Santa Barbara avenue.

Offer Free Class In Accounting

Free accounting instruction which will prepare persons with elementary bookkeeping experience to enter accounting departments of Bay area war industries will be offered in San Francisco next week in a class in Industrial Accounting starting Tuesday, November 16 at 7 p. m. at the University of California War Training center, 22 Second street.

To retired business men, married women with office experience and others who have not yet entered an essential war industry, this university class offers an opportunity to qualify for the many accounting positions open in war industries and government services. The class will hold three hour sessions Tuesday and Thursday evenings for a period of fifteen weeks.

The only qualification required to enter the free class is high school graduation, including at least one year of mathematics or a course in elementary bookkeeping.

Question Arises On Light Shielding

(Continued from Page 1)

ation make it necessary, the dimout might have to be reinstated.

"Removal of street light shielding is entirely up to the communities themselves.

"It should be pointed out, however, that such removal would be expensive and require considerable manpower. It should also be mentioned that reinstallation of shielding, should it be necessary, would not only be expensive in money and manpower, but would require critical material and time.

"Available information indicates that approximately 40 per cent of skyglow in metropolitan areas comes from unshielded street lighting. This information also indicates that horizontal shielding of street lights does not materially reduce the volume of light upon streets and sidewalks.

"It may be advisable in certain areas visible from the sea to remove street light shielding to the seaward and thereby remove a hazard caused by reduced light in those exceptional areas. Should the dimout be restored, these lights could be kept out entirely until shielding was reinstalled."

Dimout restrictions were originally proclaimed in August, 1942, to reduce skyglow that might silhouette shipping as targets for enemy submarines.

Reduced skyglow also lessened usefulness of glare as a possible guide for attacking planes.

in a comparable condition to when it was taken over.

Also adopted was a resolution, amending a present ordinance, which changed the official quarters from the town hall to the Weisenburger property, opposite Cypress Lawn cemetery. Included in the move are all functions of the Colma government; council room, city court, city clerk's office and police department.

Councilman Mattrup Jensen introduced a copy of a letter sent by Engineer R. A. Klassen to the county engineer's office, regarding the extension of the present Colma Sewer district to include property on F and E streets.

Present for the meeting were Mayor Paul Delucchi, Councilmen Jensen, Bartley Flynn, Fred Lane and Peter Barsi, City Clerk E. A. Weisenburger, City Treasurer Henry Kempf, City Attorney Gebhardt, Police Chief Joe Cavalli, and City Judge C. E. Lowe.

The shoe stamp will be valid until further notice. If it ever becomes necessary to set an expiration date 30 days' notice will be given to holders for their guidance.

The blue stamps X, Y, and Z may be used to buy processed foods through November 20.

In response to inquiries as to whether holders should continue to keep War Books One and Two in their possession, Carroll said that these covers will not be used again for rationing purposes and, when the stamps contained in them expire, they will cease to have any rationing value for the owner.

the rear echelon to obtain mortar ammunition sorely needed at Hill 27. The only possible route was by way of a precipitous and muddy jungle trail over Mount Austen to a dump about two miles away. On the way to the rear, the detail was pinned down by Japanese sniper fire, but, following Corporal Ragni's leadership, it reached the destination without a casualty. On the way back, the group carrying the ammunition, ran into the same situation. Once again, Corporal Ragni cleverly and courageously led the way and the shells were delivered to Hill 27, in ample time to enable the mortar platoon to successfully complete its mission.

Corporal Ragni's home address is 134 Acton street, Daly City.

The Public Relations office at Lowry field, Colorado, announces that **Charles Michael Allen** has reported there as a student armorer under the Army Air Forces Technical Training command. He was formerly at Buckeley field, Denver.

Allen is the son-in-law of Mr. and Mrs. Clarence Page, 532 San Diego avenue. Both he and his wife, the former Edna Page, are graduates of Jefferson Union high school.

Before entering the armed forces, Allen was employed by the Metal Products Fabricating company, San Francisco. He had served 6 months in the National Guard.

Headquarters Army Air Forces Central Flying Training Command, Randolph field, Texas, announces that on November 3 the shadow of more and more wings fell ominously over the Axis super-fabric of once-dreamed invincibility as pilot wings became the possession of hundreds of new combat-ready fliers. Graduation ceremonies throughout the great Southwest were held by the eleven advanced pilot schools of the Army Air Forces Central Flying Training command.

Joining in the lengthening aerial parade of pilots who have completed the intensive training in the huge Central Flying Training command area were men from every state in the Union.

Altus and Frederick in Oklahoma and the Texas training schools of Aloe, Brooks, Lubbock, Blackland, Pampa, Moore, Foster, Ellington and Eagle Pass composed the Alma Mater roster for the new graduates. All eleven advanced pilot schools are a part of the nation-spanning Army Air Forces Training command.

Included among graduating fliers was **Conrad A. Desaulniers,** Colma, (Ellington). He is the son of Mr. and Mrs. A. J. Desaulniers, Forest Home Auto court.

Private **Robert E. Nava,** 18, son of Mr. and Mrs. Louis Nava, San Pedro road, Colma, has arrived at University of Wichita, Wichita, Kansas, for course of Army Air Force instruction lasting approximately five months prior to his appointment as an aviation cadet in the Army Air Forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator, or bombardier and go on to schools of the Flying Training Command for training in these specialties.

NEVER TOO COLD

IT'S never too cold nor too hot for a fruit refresher like the following: Make it the night before serving (or that morning, if you prefer), place it in the refrigerator to chill — and you may go to sleep or to work, knowing that tomorrow's dessert is the least of your worries.

Fruit Refresher

1 package fruit-flavored gelatin (any flavor); 2½ cups hot water and fruit juice; ⅛ teaspoon almond extract or 1 teaspoon grated orange rind; 1 cup canned fruit*.

Dissolve gelatin in hot water and fruit juice. Add flavoring and pour over fruit. Chill, stirring occasionally as gelatin sets to give soft jellied appearance. Pile lightly in sherbet glasses. Serve plain or with cream. Makes 6 to 8 servings.

***Use canned fruits, such as peaches, pears, Queen Anne cherries, grapefruit, or berries.**

CURFEW

(Continued from Page 1)

Peninsula division, League of California cities, Wednesday, November 17, 6:45 p. m. at the Benjamin Franklin hotel, San Mateo.

A routine resolution was passed transferring $117.32 from the special gas tax fund to the general fund. This was to reimburse the general fund for expenditures made from it for street repairs which should come from the gas tax fund. Its adoption was unanimous.

The motion to adopt the curfew ordinance was made by John J. Fahey sr. and seconded by Councilman Howard McHugh.

Under committee reports, Councilman Edmund Cavagnaro reported that during October the Daly City library had forty new members sign up and 2,311 books were circulated.

Under discussion were ways and means of getting San Mateo county cooperation on supplying this area with ambulance service. The Alemany Emergency hospital has long handled Daly City's emergency cases but Dr. J. C. Geiger has announced that manpower shortages will make it impossible to continue this much longer. At the same time, the Daly City Fire department does not feel its first aid truck should be called into constant service to travel to San Mateo as an emergency ambulance.

A general meeting of the police department was asked by Councilman Eugene V. Lynch, who heads the police commission, relative to the enforcement of the new curfew ordinance. It is set for tomorrow night, November 12, at the city hall.

Action will also be sought by the council on the dangerous condition existing because of the Market Street railway system of switching cars and dumping passengers on the safety island here at the top of the hill. Mayor A. J. Gaggero called for a motion instructing the city clerk to write the Market Street railway advising it of the dangerous condition the transfer system causes at the top of the hill here. The motion carried unanimously.

The council adjourned to meet again in regular session, Monday night, November 22, 8 p. m. at the city hall.

ORDINANCE NO. 246

AN ORDINANCE REGULATING THE CONDUCT OF MINORS ON STREETS AND IN PUBLIC PLACES AND FIXING THE RESPONSIBILITY OF PARENTS AND GUARDIANS THEREOF.

The City Council of the City of Daly City do ordain as follows:

Section 1. For the duration of the War, and six (6) months thereafter, it shall be unlawful for any minor under the age of eighteen (18) years to be in or on any public street, park, square, or any public place between the hours of ten o'clock p. m. and daylight immediately following, except where the said minor is accompanied by a parent, legal guardian or other adult person having the care and custody of said minor, or where the presence of said minor in said place or places is connected with or required by some legitimate business, trade, profession or occupation, by reason of employment, inclusive of time necessary for going to and returning from such place of business in which said minor is engaged.

Section 2. Any parent or other person assisting, aiding, abetting, permitting, or encouraging any minor under the age of eighteen (18) years to violate the provisions of section 1 hereof, shall be guilty of a misdemeanor.

Section 3. Each owner, agent, manager or keeper of a hotel, boarding house, lodging house, tenement house, motor court, or apartment house shall immediately report to the office of the chief of police of said City the presence therein of any and all minors, whom he has reasons to believe to be under the age of eighteen (18) years, unless such minor or minors is or are accompanied by the parent, guardian, or other adult person having the care and custody of such minor or minors, and in making such report shall state to the office of said chief of police the name, age, last-known place of abode, and the names and residences of the parents, guardians, or other custodians of such minor or minors, so far as such information can be ascertained from said minor or minors, or otherwise.

Section 4. It shall be unlawful within the City of Daly City for any proprietor, keeper, clerk, or any other person, having charge or control of any cafe, tavern, restaurant, bar, eating place, or public dance hall, to permit any person under the age of eighteen (18) years to remain in said public place between the hours of ten o'clock p. m. and daylight immediately following, unless such person is accompanied by a parent, guardian, or other adult person, having the care and custody of such minor.

Section 5. Any adult person who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not more than Three Hundred Dollars ($300.00), or to imprisonment for a period of not more than three (3) months, or to both such fine and such imprisonment. Any minor, who shall violate any of the provisions of this ordinance, shall be guilty of a misdemeanor and subject to the provisions of Chapter 2, Division 2, of the Welfare and Institutions Code of the State of California.

Section 6. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 7. This ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace and safety, and the following is a statement of the facts consituting such emergency: the war, in which the United States is now engaged, has produced such conditions in the City of Daly City that it is necessary to preserve the public peace, safety, morals and welfare by restricting the presence of minors in the streets and other public places for the purpose of curtailing juvenile delinquency.

Section 8. The City Clerk shall certify to the adoption of this ordinance and cause it to be published once in Daly City Record, a newspaper of general circulation printed and published in said City, and thenceforth the same shall be in full force and effect.

A. J. GAGGERO,
Mayor.
B. C. ROSS,
City Clerk.

ATTEST:

I hereby certify that the foregoing ordinance was duly and regularly introduced and adopted at a regular meeting of the City Council of the City of Daly City held on the 8th day of November, 1943, by the following vote, to-wit:

AYES: Councilmen Cavagnaro, Lynch, McHugh, Fahey, Gaggero.
NOES: Councilmen None.
ABSENT: Councilmen None.

Ballet Russe To Open, Nov. 17

Billed as one of the season's major attractions, the one and only Ballet Russe de Monte Carlo comes to the Opera House, November 17, for ten performances which the Opera association announces as "the only opportunity to revel in Russian ballet at its highest by a company steeped in the traditions and technic of this great art."

Featured artists this season will be the lovely Alexandra Danilova, Igor Youskevitch, Frederic Franklin and Ruthanna Boris.

There will be three new numbers this season that devotees of the Russian Ballet will look forward to with keen interest. These are "The Red Poppy," "Etude" and the "Cuckold's Fair."

"The Red Poppy" is to music by Gliere and choreography by Schwezoff. It is a revision of a pre-war ballet, presented now as a tribute to the United Nations. It is in three scenes, its setting a Chinese port. Originally, the number required more than three hours to present. In its condensed version, only the best of the music and choreography has been retained.

"Etude" is to the music of Bach and the choreography by Nijinska. This is the fifth version of the same work first presented in Monte Carlo in 1925.

The third ballet is an Iberian dance creation by the brilliant Spanish dancer, Pilar Lopez. It is entitled "The Cuckold's Fair," a ballet in one act. The music is by Gustave Pittaluga.

Tickets are now on sale at the Opera box office, Sherman, Clay and company, EXbrook 8585.

WEEKEND HOMES

With countless refugees from the Axis in Switzerland, and families broken and parted, Refugee Relief, an organization included in the current War Chest appeal has established weekend homes in Switzerland where parents and children may get together for a few brief hours to maintain a semblance of family unity.

Daly City Band Can Use New Members Now

George Brenner, bandmaster, announced this week that there are many openings for musicians in the Daly City Band. Due to the large number of members now in the armed forces, replacements are urgently needed. Anyone interested in joining the band may do so at one of the regular weekly meetings.

The Daly City Band holds practice sessions every Tuesday night, 8 p. m., at the Company No. 5 firehouse, Oliver and Bellevue.

Rationing Board Asks Cooperation

Miss Genevieve Blue, chief clerk of War Price and Rationing Board No. 83-12-3, pointed out, this week, that dozens of applications for supplemental gasoline are being returned without board action due to the fact that motorists are not filling out the forms properly.

The employer or transportation committee must sign either an original or a renewal application, giving the recommended mileage. All questions on the forms must be completely answered. A list of the riders must be provided or a satisfactory reason in writing why there are no riders. If self-employed, the motorist should so state on his application. The original application is Form No. R535, while the renewal is Form No. 543.

A special form, No. R552 has been designated to handle special applications for gasoline to make trips to the doctor. The form must be accompanied by a letter from the doctor, Miss Blue explained.

In closing, Miss Blue said that extra work at the board office and inconvenience for everyone could be avoided if those applying for supplemental gasoline would do it properly.

She also reminded the public that applications for War Ration Books Three and Four must be made in person at the board office, 470 Grand avenue, South San Francisco.

Police Handle Several Incidents

Incidents which called for attention of the Daly City Police department in the past few days included:

Sunday afternoon, November 7, someone broke into the house at 158 Templeton avenue, ransacked the place, set fire to the Chesterfield and chair and cut the covers of each. Police Officer Henry Sundermann jr. and Sergeant Ricco Benedetti investigated when the owner, Mrs. Querner, called at 4:55 p. m. They found that the only way anyone could have gained entry was with a pass key as all the doors and windows were locked.

Police are on the lookout for a horse reported stolen, Sunday. Owner is Phil Rodman, 3236 Moraga street, San Francisco, who says that the horse disappeared from a barn at Hillside boulevard and East Moltke street. Description of the horse is color, brown, with black legs, mane and tail, white star on forehead, and a white stripe down the nose.

Thursday, November 4, 12:20 a. m., Anthony Grech, 2602 Quint street, San Francisco, and Pete Azevedo, Colma, were involved in an auto accident on San Pedro road near Mission street. Property damage only resulted. Grech was given a tag by local police for violating Section 530, C. V. C., and is to appear at court, November 12, 2 p. m.

Wednesday, November 3, 6:35 p. m., a car which had been parked on Vista Grande avenue, west of Santa Barbara avenue, by William Lust, 529 Niantic avenue, ran away and smashed into the apartment house at 139 Vista Grande avenue.

One woman was injured in an auto accident, Wednesday, November 3, 6:22 p. m., when the cars driven by Marie Hungerford, Peninsula sanitarium, Colma, and Stonewall Burford, 469 Vista Grande avenue, collided at Vista Grande and Santa Barbara avenues. Mrs. R. Davidson, 31 South Parkview received a cut on the head and was taken home in the police car after declining to be taken to the hospital.

Burglary Hearings Set Over To Nov. 19

Friday's city court session under Judge William J. Sweeney was comparatively brief with a minimum of cases on the docket.

The hearings on two attempted burglaries were set over until Friday afternoon, November 19. At that time, Lyons K. Naome is to answer to a complaint for breaking into and attempting to rob Signal Coffee shop. The other case concerns Jay Taylor and Joe Carlton who attempted to burglarize Hilltop Lodge, October 29.

Alfred J. Gerken forfeited $50 bail at Friday's session. A resident of 36 Elizabeth street, San Francisco, he had been charged with violating Section 502 of the California Vehicle Code. Police arrested him when he drove through Daly City in an erratic manner and on the left side of the center line while under influence of intoxicating liquor.

Reginald Fisher, Red Arrow Auto court, Colma, forfeited $50 bail, Friday. He had been charged with reckless driving for blocking traffic on the car tracks south of Market street, Daly City.

Mrs. Sidney Werford, 214 Alexander avenue, Daly City, paid a $2.50 fine for going through a traffic signal.

NOW HE'S NOT HUNTING Hazelnuts, MOTHER!

★ He was only four then. But it seems like yesterday. He had gone off to the hills... tagging along bravely with a bunch of older boys in search of hazelnuts. For hours you waited, terrified by his absence. Then he came home, tired and dirty, bearing in a huge paper bag his treasure—half a dozen hazelnuts as his offering to you.

Now he's twenty... and gone once more... into the hills... into the woods... carrying on bravely with another bunch. But this time they're not searching for hazelnuts. They're hunting Japs!

Let's buy another War Bond today for all the youngsters who used to go off searching for hazelnuts.

At Bank of America, 10,392 men and women urge you to join the Victory Bond-bardiers... to set aside the dollars you need for the essentials of living, then invest the *rest* in War Bonds!

Give Thanks this day to each Stalwart Son who fights Our Battles till Victory is won.

THANKSGIVING of all our holidays is brimful of sentiment. It is more than turkey and all the trimmings, especially if you are lonesome and far from home.

Thanksgiving is HOME. It is a glow of warmth and comfort that seems to creep right inside and hum like a song. It is the floating fragrance of brown gravy, the sweet pungence of mince pie, the odor of wood smoke and the crackle of logs in the fireplace. It is an intimate sense of belonging as you sit elbow to elbow at the family table.

Somewhere near you, right in your home town or in nearby camp, is a boy who cannot go home on furlough but would like to come Home to you. It will be a day he will long remember.

Ask your local USO or similar agency for a son of Uncle Sam to become "one of the family" for a day.

GET READY FOR SALE OF CHRISTMAS SEALS

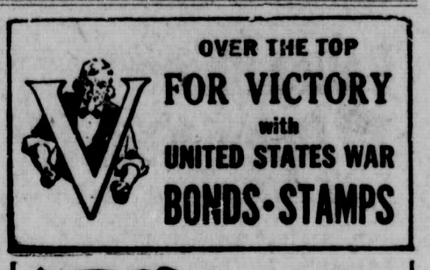
The annual task of preparing the Christmas seals of the San Mateo County Tuberculosis and Health association for mailing on November 22, and it is a tremendous one, is under way with a large number of organizations and individuals giving assistance.

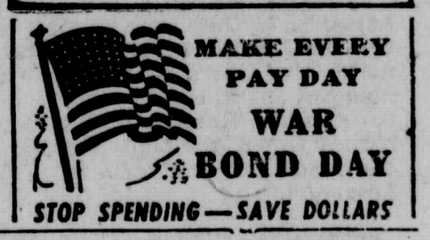
"Ours is the only organization I know of which carries on its work in this manner," says Dr. Harry C. Warren, medical director of the association, "and we cannot praise too highly the community spirit shown in the campaign."

National health being so vitally important in our war production work, the crusade against tuberculosis, which malady is recognized as the greatest menace, becomes increasingly necessary as winter approaches, the food situation grows more difficult and living quarters of the workers become more overcrowded.

With the great need in mind, the county association is energetically proceeding with arrangements for the 1943 Christmas seal sale, fully confident of reaching the necessary goal of $17,250.

"That is right—500,000 Americans were kept out of the war effort yesterday! No, not by strikes, but because of the striking power of that master saboteur tuberculosis. There are just as many out today and there will be again tomorrow. Tuberculosis not only interns people in sick beds—it still takes more lives between the ages of 15 and 45 than any other disease. Do your part to reduce tuberculosis and aid the war effort. Buy and use Christmas seals!" the association said.





"FOOD FIGHTS FOR FREEDOM"

Yes, Food Fights for Freedom! The very course and length of the war depend on it. It can shorten the war. It can write the peace. *If we make the best possible use of it.* That means we must cut out waste—use every crumb, every drop. We must stretch the available food supply by eating plentiful nutritious substitutes for scarce foods. Let's remember: every time our armies win a victory across the seas, that means there'll be *less* of some foods at home—not more. Each of us can help Food Fight for Freedom!

UNCLE SAM tells us, "Food is the mightiest weapon of them all"—and that statement comes right home to every one of us. Truly, "Food Fights for Freedom" and it's our duty to conserve food, share fairly and plan meals intelligently to help shorten the war. These are some of the ways we can bring Victory closer:

- Waste no food—clean every plate—
- Substitute plentiful for scarce foods—
- Serve the foods that are right for strength and health—
- Accept rationing cheerfully—
- Pay stamps for all rationed merchandise—
- Pay no more than the top legal prices—
- And take it for granted that we'll have to make further adjustments as Victory comes nearer!

* * *

But wait—someone says, "Everybody seems to be getting plenty of food, except civilians!" The facts are that our Armed Forces get just about 13 per cent of our food production, our Allies get about 10 per cent, our outlying Territories and our nearby Good Neighbors get about two per cent—and that leaves 75 per cent for us here at home!

Three full fourths of a record-breaking food production!

ENOUGH FOOD

Enough good food to keep every one of us strong and healthy—*if* we use our share wisely.

* * *

SAVE AND SALVAGE!

Save and salvage everything that is usable. And that includes taking care of clothing, handling all mechanical equipment gently, making *thrift* a genuine by-word! It includes going through attics and basements and closets—passing along all unwanted material to the people or agencies who can use them.

BEHIND THEM!

In short, we must do everything we can to make the men and boys who are fighting for us feel that the folks at home are behind them!

"Date Conscious"? You'd Better Be - -

Here is a list of those ration dates, which make calendar-watchers of all local housewives, motorists, or, in fact, anyone who wishes to eat, drive his car, or buy an occasional pair of shoes.

September 22—No. 8 coupons for A book holders became valid. Good for 3 gallons of gasoline, each.

October 31—shoe stamp 18 (in War Ration Book One) was to have expired but OPA extends expiration date indefinitely.

October 31—brown stamps H in Book Three became good for meats, fats, etc.; good through December 4.

November 1—housewives started using green stamps A, B, and C in War Ration Book Four for processed foods. The stamps will be valid through December 20.

November 1—Book Three "airplane" series stamp No. 1 became valid; good for one pair of shoes.

November 1—stamp No. 29 in Book Four became good November 1, and will be good for 5 pounds of sugar through January 15, 1944.

November 7—brown stamps J in Book Three became good and remain valid through December 4.

November 14—brown stamps K in Book Three become good and remain valid through December 4.

November 20—blue stamps X, Y, and Z valid through this date.

November 21—No. 8 gasoline coupons good for 3 gallons each through this date.

November 21—brown stamps L for meats, Book Three, become valid, good through January 1, 1944.

November 28—brown stamps M, Book Three, become valid.

November 30—deadline for inspection of tires, C book holders.

December 4—brown stamps G H, J, and K in Book Three, good for meats, fats, etc., expire.

December 5—brown stamps N, Book Three, valid for purchase of meats, fats, etc. on this date.

December 12—brown stamps P for meats, fats, etc., in Book Three can be used beginning this date.

December 20—green stamps A, B, and C in Book Four for processed foods expire.

January 1, 1944—brown stamps L, M, N, and P expire.

January 15, 1944—stamp No. 29 in Book Four for 5 pounds of sugar expires.

February 29, 1944—deadline for inspection of tires for B gasoline book holders.

March 31, 1944—deadline for inspection of tires for A book holders.

30 DAYS' NOTICE ON STAMP 18

The public will be given 30 days' notice, should it become necessary to terminate Shoe Ration Stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of Stamp 18 might be cancelled with only 24 hours' notice to consumers.

HAMBURGER

The ration point value of hamburger has been increased from 7 to 8 points per pound. OPA has also broadened its definition of hamburger to include additional meatier cuts of the lower grades of beef.

BEAN GUN—is U. S. war slang for a rolling field kitchen. When the Army rolls, the Bean Gun rolls or the men can't fight. The Bean Gun is important. It keeps up morale. War Bonds are important too. They keep up morale, and back the attack of our invasion armies.

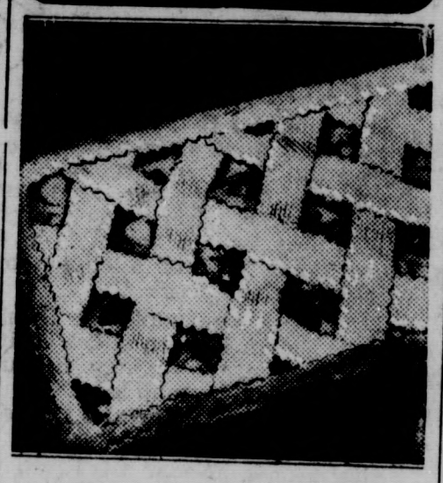
Ration-Time RECIPES



Vitamin-rich pork is combined with apples to make this economical, yet savory and delicious dish:

PORK AND APPLE PIE

2 cups cooked pork (cut in cubes)
2 medium sized tart apples (cored and sliced)
1 cup left-over gravy or thickened consomm

In a shallow baking dish, arrange alternate layers of pork and apples. Season each layer with a little salt and pepper. Pour over gravy. Top with strips of pastry made by blending ½ cup margarine with 1½ cups flour and ½ teaspoon salt. Add water to form stiff dough. Roll out to a sheet. Cut into strips. Bake in oven (400°F).

Other favorite low-point recipes are found in a 32-page cookbook "Ration-Time Recipes." Free copy may be obtained from National Cotton Council, Box 18, Memphis (1) Tennessee.

Emydian Institute Meets Tomorrow

Emydan Institute No. 154, Y. L. I., will hold its regular business meeting, tomorrow evening, November 12, at Holy Angels hall, San Pedro road. Miss Rosemary Flanagan will preside.

Plans are to be made for a get-together meeting to be held in the near future.

The cake booth, which the institute sponsored at the Holy Angels Parish Festival, Saturday night, November 6, proved a huge success.

VFW Groups At Service Center

Old Glory Post and Auxiliary No. 2044, V. F. W., spent a highly successful week as host and hostess organization at the Daly City Servicemen's club, October 30-November 6 inclusive. Highlight of the period was a social, Saturday night. Refreshments were served and dancing enjoyed.

Several delegates from Woodrow unit will attend the district meeting, C. C. P. T., to be held at South San Francisco this month.

Serve Unusual Pies Occasionally

By Frances Lee Barton

SERVE unusual pies occasionally. Variety in your desserts is just as important as it is in your salads or your main - course dishes.

Perhaps the following recipe will lend variety in your home. If you have never tried this pie, please do. I predict a pleasant surprise.

Lemon Cheese Pie

1 package prepared vanilla pudding; 1¾ cups milk; ¼ cup lemon juice; 1 teaspoon grated lemon rind; 1 cup cottage cheese; 1 baked 9-inch pie shell.

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Place over medium flame and cook until mixture comes to a boil and is thickened, stirring constantly. Add lemon juice, lemon rind, and cheese. Cool. Turn into pie shell.

Bow Vogue

DECEPTIVELY SIMPLE BUT OBVIOUSLY COMPLIMENTARY, the beltless, one-piece afternoon dress of CBS actress Ann ("Kate Smith Hour") Thomas displays the ingenious use of style-setting bows. A soft bodice drape of the fine turquoise wool accents a small waist, and the slender sleeves emphasize the wide, flaring gloves of matching doeskin, held in place by an elastic band at the top.

NEW BABIES

Local couples who have recently become parents include: **Mr. and Mrs. Marcel F. Dussault,** 255 Station avenue, a son, born, October 21; **Mr. and Mrs. Vance J. Imsdahl,** 185 Miriam street, a son, October 21; **Mr. and Mrs. Carl L. Kendall,** Daly City, a daughter, October 27; **Mr. and Mrs. James D. MUMPS

The San Mateo County Department of Public Health and Welfare reports that for the week ending October 30, there were five cases of mumps in **Daly City,** and in **Colma** there was one case of chicken-pox.

VITAL STATISTICS

In October, 1943, there were more births, marriages and deaths in San Mateo county than in the same period, last year, according to figures released, this week, by R. C. Rice, county recorder.

In October, 1943, there were 149 births, 80 marriages, and 108 deaths, while in October, 1942, there were 146 births, 73 marriages, and 96 deaths.

POPULAR FEATURE

AT JEFFERSON UNION HIGH SCHOOL

By Verna Moresco

EDUCATION WEEK

In company with all the schools of the nation, Jeff is observing Education Week, this year, from November 7 to November 12.

Chief among the events planned for the week were two assemblies. On Tuesday, students and faculty had the privilege of hearing Howard McDonald, deputy superintendent of schools of San Francisco, whose topic was "Education for the Future." Tomorrow the music department will present, under the direction of Oscar Busch, a patriotic program. The program will include: Pledge of Allegiance, "Star Spangled Banner," overture from "Barber of Seville," and "God Bless America."

EXECUTIVE BOARD

The regular meeting of the executive board was called to order, Tuesday, November 2, at 8:02 by Ken Hatt, president.

Copies of the Student Body constitution will be distributed to the students soon.

An assembly is being planned for the ornamental jewelry drive. The admission will be a key or piece of costume jewelry.

Elsie Belli appointed her assistants to work on the yell book with her. The executive board named Jenny Giusti as assistant yell-leader as Rita Lozano will be unable to participate at the games. Rita, however, will still maintain her position as assistant yell-leader.

A new time for the meeting was agreed upon. Board meetings will start at 7:55 instead of 8.

INDIANS OF RHYTHM

The Indians of Rhythm are getting ready for the assembly, tomorrow. They are playing for the Red Cross drive which was featured this week.

The band plans to have two novelty numbers. Featured will be Emile Lemoine with a trumpet solo and the entire brass section.

The theme of the Red Cross will be carried out on the stage background.

ABOUT SCHOOL

Last Wednesday two G. P. A. L. softball teams played. Helen Oxley's team defeated Nancy Sorg's team by a score of 14-12.

This Monday and Wednesday other softball games were scheduled.

Forty-eight students have passed the Beginner's swimming test at Jefferson so far this term. Others are working on their Intermediate and, then, if they get that far, some are trying for their Swimmer's test. To pass the Swimmer's test one must swim 100 yards each of the breast stroke, the sidestroke, and the crawl. They also must swim for 10 minutes without stopping. All this must be done in good form.

Do you want to learn to dance? Well, from 3 to 4 p. m. on Mondays and Wednesdays Mrs. Leila McBride, native of Peru and experienced dancer, will be there to teach you dancing in a hurry.

On Tuesdays and Thursdays advanced students will learn to sway to the conga, rhumba, samba, and many other dances.

C. S. F.

To elect officers and to plan projects for this semester the C. S. F. met, last week, in the C. S. F. clubroom.

Newly elected officers are Bianca Ratto, president; Dolores Wakefield, vice-president; Lorraine Sanders, secretary - treasurer.

Eight new members welcomed at last week's meeting were: Frances Anderson, Lillian Forrest, Roberta McDaniel, Esther Morgan, Lenore Ross, Lorraine Sanders, Harriet Voelker, Dolores Wakefield.

SCHOOL SECRETARY LEAVES

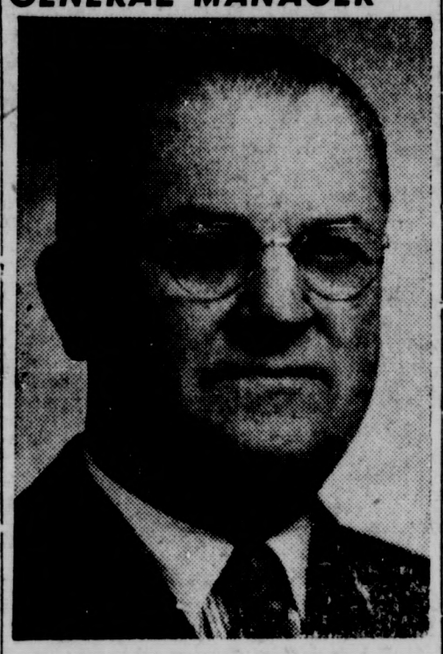
Students and faculty regretfully said goodbye to Mrs. Elsa Bogosian, school secretary for the past two years, who left Friday for the University of California, where she will be doing graduate work.

As a going-away gift Mrs. Bogosian received from the student body a beige leather desk set and from the faculty a fitted, week-end bag.

Mrs. Devlin, who is to replace Mrs. Bogosian in the office, will take up her duties here in another month. In the meantime Mrs. Reandeau is capably taking the place of the secretary in the school office.

Mrs. Scott is substituting for Mrs. Reandeau.

GENERAL MANAGER



A. Emory Wishon, who on August 18, 1943, was appointed vice-president and general manager of the Pacific Gas and Electric company after 13 years as vice-president and assistant general manager,

Wishon has spent thirty-four years in the service of the P. G. and E. and its predecessors. Following in the footsteps of his father—the late A. G. Wishon, a distinguished pioneer in hydro electric development in the San Joaquin valley—he promoted the Coalinga Water and Electric company in 1909 and introduced electricity into oil well operations. In 1910 he joined the San Joaquin Light and Power corporation as Assistant General Manager in charge of the southern division, from which post he rose to assistant general manager of the company in 1913 and to general manager in 1920.

To his duties as such he added the responsibilities of general manager of the Great Western Power company in 1926 and served in this capacity and also as vice-president of both companies until 1930 when control of them was acquired by the P. G. and E. He then became vice-president and assistant general manager of the P. G. and E. and president of the San Joaquin corporation, which, although a subsidiary, was operated as a separate corporate unit until 1938.

News From District Grammar Schools

AT CROCKER

The pupils of Room 3 are striving toward good citizenship. Displayed in their classroom is a chart on which the students' names appear. Every week each student marks his name and shows what kind of a citizen he was during the week.

Last week the pupils of Room 2 were shown lantern slides entitled "Making a Living In Our Southland." The children got a good idea of the industries carried on in the southern states.

Gloria Michelsen of Room 4 transferred to Aptos junior high school in San Francisco.

Room 4 was shown a film entitled "Winning Independence" which dealt with the life of George Washington and correlated with the unit of work in social studies—"The Colonial Period."

A patriotic red, white, and blue 100 per cent spelling graph has proved an incentive and graphic stimulus to the eighth grade students of the Crocker school. The new speller "Using Words" provides ample opportunity for individual and group activity. The two tests given weekly in the room are recorded by the students themselves, not only on individual graphs in their workbooks, but on a large wall graph made by members of the group.

The number of students receiving 100 per cent on the first test of the week is colored and blocked on the chart in red, while those receiving 100 per cent on the second test are colored and blocked in blue. The chart is on white paper. Thus, weekly units on the chart are visible from all sections of the room, and children are very anxious to see the red blocking on the chart rise like a thermometer.

The chart was planned by James Miller and Lincoln Deming, and was completed and is being kept up to date by June Brandt and Anita Crespi.

AT WOODROW

ROOM 5

Room 5 saw the film, "The Boy Who Saved a Nation." It was the story of Marcus de Lafayette, a Frenchman who was a very prominent figure in the Revolutionary war.

The film was very instructive as it showed how other countries valued freedom and democracy.

ROOM 12

The high fifth of Room 12 are happy to have Bernardo Merino from San Francisco as their classmate.

ROOM 15

Dennis Marable went fishing last week end with Mr. Davis. He reported having an enjoyable trip.

ROOM 4

In correlation with the class unit, "Growth of the United States and Its Possessions," flat pictures, slides, and films have helped to make Alaska's position today more meaningful to the class.

ROOM 8

The students of the high sixth and low seventh grade enjoyed a film entitled "Colonial Planters of Virginia." This picture depicted how the early colonists lived, worked, and dressed.

ROOM 14

The children of Room 14 are happy to welcome Ophelia Merino as a new member of the class.

ROOM 9

Barbara Biagini and James Schultz each purchased a War Bond, last week.

This is the second bond bought by Jimmy within a month. Leo Lemon was given a piece of metal from a Jap Zero by his uncle. He will bring it to class so that the other students may see the piece of metal.

AT JEFFERSON

The thrilling excitement of last week, for the Jefferson elementary school, was the Junior Red Cross drive and the awarding of Junior Red Cross membership tabs to every contributing child. Of course, every boy and girl in the school joined. A new inspiring Red Cross poster has been placed prominently in every room to encourage the children to take some active part in Junior Red Cross work.

The Tin Can drive is here again and contributions are coming in, rapidly and plentifully. The children are carefully following instructions given them as to washing out the cans, taking off the labels and flattening the cans.

Children in the sixth grade had a ship show, last Tuesday. The program began with lantern slides on ship life followed by stereographs dealing with the same subject. Every part of the ship from the bottom of the hold to the topmast was shown. David Belli brought a portfolio containing pictures of the "Queen Mary" so that the children would have some understanding of what the term 'palatial liner' meant. The program concluded with a report by Emile Giacchono on the superstitions of early sea travel.

Fifth grade children had an interesting Navy Day program, this week. Many of the pupils brought ship and sea-plane models and beautifully colored pictures of Navy ships. One of the boys proudly displayed a cloth on which he had arranged many Navy insignia. Short talks and stirring sea stories accompanied the showing of these exhibits.

Pupils of the third and fourth grades have reached the last stage of their study of various types of American Indians. They have completed a diorama of the Forest Indians. Pictures drawn and colored by the children form the background. Clay from the school yard was used to make the foreground. Trees of the forest were made of cardboard and colored. Wikiups were constructed of reeds brought to school by the children and the Indian figures were made of papier mache and

Second grade children are on the last lap of their Post Office unit. They are making illustrations of the various steps a letter takes as it proceeds from sender to receiver. This week the ten leaves of the Post Office unit of their "Community Book" will be fastened together and the children will start on the second unit of their main topic, "The Grocery Store."

The picture corner in first grade is gay with pictures of "Pets," drawn and colored by the children. These drawings are their first step in a Pet unit that will carry on until the holidays.

THANKSGIVING DAY - 1943

Probably won't be a normal, American Thanksgiving Day holiday. But things just aren't being normal these days. Men and women in the armed forces won't be taking the day off. Theirs is, as ours must be, a steady, relentless task of driving the enemy back with whatever means are at hand.

Here at Farmers Meat Company we're trying, as hard as we can, to keep the supplies "rolling"—to keep our working civilians well-fed and healthy to win the war. Smoothing out the rough roads of food rationing is our job, and we intend to keep "firing" away until the war is won.

We carry a nice supply of poultry at all times. We believe we will have enough on order for holiday needs, but we're taking advance orders now.
